SAT AND ADVANCED PLACEMENT TESTING RESULTS
The class of 2018 averaged 560 on the evidence based reading and writing section and 550 on the mathematics section of the SAT test. In addition, EHS administered 686 AP exams with 204 scoring a five, 228 scoring a four, and 157 scoring a three.

Distribution Chart
A weighted and unweighted GPA will be supplied for each student to colleges/universities for admission purposes. The challenges of our academic environment are met by most students who earn outstanding grades. For this reason, we do not believe that reporting class rank fairly communicates our students’ achievements and abilities. In Edison High School- **6.05 is the highest GPA that can be attained.**

Students who have taken all their high school courses in Edison and/or high schools in New Jersey (public/parochial/private) receive a weighted GPA and are included in the GPA Distribution Chart. Students from outside New Jersey who transfer to Edison following the first marking period of the junior year are not included. The transcript includes information pertaining to classes taken at the previous high school at the time of transfer. Additionally, all high school courses taken in Edison are included.
