Parent Information

The students worked very hard on the NJSLA testing at the beginning of May. Also, look for upcoming information about ESL summer enrichment classes.

Summer

-Visit/become a member at your local library!
-Read and write about your experiences. It could be a fun trip/ vacation, going to a waterpark, beach/pool, riding bikes or going to a friends house.

Last Few Weeks of School

The students will learn about Flag Day and complete end of the year activities. The students will discuss vocabulary, complete reading/writing activities, read a story, and discover new facts about the holiday. Also, the students will complete a mini project about their 2018-2019 school year. It will highlight teachers, subjects, trips and activities they loved or disliked.
