## Parent Information:

All students in grades 3-5 have Spanish as part of their Specials rotation. Classes meet once a week for forty-five minutes. Please note your child is acquiring the Spanish language in an immersed, communicative setting. Please understand that your child will need time to internalize and in turn produce the language. You can foster your child's language acquisition by asking them to teach you what they have learned in class each week!

## What are we learning in Spanish Class?

### Grado 5

Students will learn how to describe different beach activities and express their preferences. Students will work in groups to create a 'commercial' for a Mexican beach which they will present to the class!

### CLASS WEBSITE

Please encourage your child to visit the class website regularly. On the website, students will find many activities to practice what they are learning in the classroom. Please find the site [HERE](#).

## What are we learning in Spanish Class?

### Grado 3

Students have been learning all about foods and expressing their likes and dislikes. Students will create and describe a healthy food plate based on [choosemyplate.gov](http://choosemyplate.gov) and present it to the class. Students will also take part in a restaurant skit where they will take on the roles of customer and waiter!

## ¿Qué estamos aprendiendo en clase de Español?

### Grado 4

Students participated in a school-wide [carnaval](#) and experienced this traditional Puerto Rican cultural celebration.

Students will conclude their virtual trip to Puerto Rico by creating a travel brochure enticing travelers to visit this beautiful island!
