Statement of Purpose

The Supermarket Careers course will allow students to learn the skills necessary for working in a Supermarket or other retail career. Skills include work ethic, money, safety and customer service and are designed to be life-long foundational competencies which will help students in entry level positions and throughout their chosen career.

New Jersey/Common Core Standards of Education are embedded within the curriculum so as to reflect standardized education in a school system. Such standards include – Comprehensive Health and Physical Education, Language Arts Literacy, Mathematics, Science, Social Studies, Technological Literacy, and Career Education, Consumer, Family and Life Skills.

This course will fulfill the NJ State requirement for 21st Century Life & Careers.
Course Objectives

Supermarket Careers is a course for students who want to explore and prepare for various jobs being performed every day in the operation of a supermarket. Students will learn skills in safety, sanitation, security, customer service and operating a cash register. Students will also learn about health and nutrition, packaged products, fresh vegetables, meats, poultry and fish as well as canned products. Students will be able to apply these learned skills in Edison Public School Shop Rite Jr. #0002. In addition, students will be taught how to complete a job application, prepare for and participation in an interview. Students may be placed in an actual Supermarket for job training and employment as determined by the Supermarket Careers Instructor.

Goals
1. To develop an awareness of careers along with the knowledge and skills that should enable individuals to choose wisely and operate effectively among career/educational opportunities.
2. To acquire the knowledge, skills and understanding that permit him/her to play a satisfying and responsible role as both producer and consumer.
3. To develop entry level skills to function in the job market.

Upon completion of this course students will understand: How to research, obtain and competently hold an entry level job that can lead to a career. To solidify their knowledge students will reinforce the following skills:

- Safety & Security
- Point of Sale
- Job Application/Research
- Whole Health
