In attendance were: Elizabeth Conway, Ralph Errico, Shivi Madhukar, Dr. Yunxia Chen, Daniel Michaud and Bernard F. Bragen, Jr., Ed.D.

Items Discussed:

- Dr. Bragen invited Todd Lewis and three other representatives from Alliant to discuss an alternative method of providing health benefits to the district staff. The proposal reportedly would save the district a significant amount in health premiums. The Committee recommended that the district send out a “Request for Proposal” (RFP) as an Extraordinary Unspecifiable Service (EUS), as is permitted by NJ Statutes, for health insurance consulting.
- The Committee discussed the roofing projects that are scheduled for 2020-2021. They asked about the differences between the built-up roof and the spray foam roofing systems. The district has a bid out for the spray foam roof system due to be opened on June 11th. The Committee will consider the projects once the new bid is received and evaluated.
The meeting adjourned at 5:18 P.M.

2. Finance & Facilities Committee

Mrs. Conway reported that the Finance and Facilities Committee met at 1:00 P.M. on June 12, 2020 remotely through ZOOM.

In attendance were: Elizabeth Conway, Ralph Errico, Shivi Madhukar, Dr. Yunxia Chen, Daniel Michaud and Bernard F. Bragen, Jr., Ed.D.

Items Discussed:

- The Committee discussed the submissions for Architect of Record that were due by June 1, 2020. There were 13 architectural firms that submitted proposals. The fee percentages were for new projects and renovations and for projects over \$2 million and under \$2 million. The fee ranges were from a low of 4.75% to a high of 10%. Dr. Bragen and Mr. Michaud reviewed all 13 proposals and determined that USA Architects was the most beneficial to the district based on their fee percentage, their history of school construction and that the district has prior experience with their firm.
- The Committee discussed the RFP for auditing services that was due on June 10th. Being that we received only one proposal, the Committee decided that they want to readvertise for these services to see if we could attract additional proposals.
- The Committee discussed the RFP for health insurance consulting services that was due on June 11th. There were 6 proposals received with annual fees ranging from \$95,000 to \$450,000. The Committee is recommending that the district remain with the existing health insurance broker, Alamo Insurance Group, with their reduced fee of 1.25% with a cap of \$240,000 on their commissions.
- The Committee discussed the rebid for the spray foam roofing system for the 5 roofing projects scheduled for 2020-2021. The original bid for the built-up roofing systems totaled about \$1,972,000. The rebid for the spray foam roofing system totaled about \$1,286,000 and with the required scanning of the roofs estimated to be \$15,800 and an estimated replacement of wet insulation totaling about \$150,000 bringing the estimated total cost to about \$1,450,000. With a cost savings of over \$500,000 the Committee is recommending that the district awards the bid for the spray foam roofing system.
The meeting adjourned at 1:43 P.M.

3. Transportation Committee

Dr. Chen reported that the Transportation Committee met at 4:00 P.M. on June 4, 2020 remotely through ZOOM.

In attendance were: Dr. Yunxia Chen, Carol Bodofsky, Jingwei “Jerry” Shi, Daniel P. Michaud, Richard Benedict and Bernard F. Bragen, Jr., Ed.D.

Items Discussed:

- Subscription Bussing Fee: 2020-2021 Cost, 2019-2020 Credit/Refund:
 - The Committee agreed that the 2020-2021 subscription bussing fee should remain at the current cost of \$550.
 - The Committee agreed to the issuing of a \$200 credit/refund to current subscription subscribers based on the transportation services not being provided as of March 16, 2020 due to the COVID-19 pandemic. Parents/guardians will be asked to complete a survey to inform the District whether they prefer a credit applied towards next year's subscription bussing fee or a refund.
- Middlesex County Consortium:
 - Edison is participating in a county-wide transportation consortium as a means to collectively negotiate payment for transportation services currently not being used but contracted for during the COVID-19 pandemic. (The payment of said services comes by way of legislation signed into law by Governor Murphy.) The Consortium agreed to pay 60% of the contract value without back-up documentation, but if the contractor request a higher percentage, documentation justifying the increased percentage would be required. The Consortium has communicated the offer to all bus contractors. Currently, some of Edison's bus contractors have agreed to the 60% payment but we are awaiting a response from several other major bus contractors.
- 2020-2021 Contract Renewals:
 - Edison communicated to each service provider the option of renewing the 2019-2020 transportation contracts with the state approved 1.7% increase. Accepting the 1.7% increase allows the contract to be renewed under the same terms and conditions as this year but includes the 1.7% increase. In doing so, the District does not have to go out to bid for the services and both parties renew the terms of the current transportation contract.
- Subscription Bussing Survey Results:
 - Two Subscription Bussing Surveys were sent to parents: 1) current Subscribers were asked if they would renew the service at a cost not to exceed \$599 and if they would prefer a \$200 credit for services not provided during the COVID-19 pandemic or if they preferred a \$200 refund be sent; and 2) The second survey asked Parents/Guardians, who are not currently using Subscription Bussing, if they were interested in contracting for services in the 2020-2021 school year. Current Subscription User Survey: 2,532 users were sent the survey link – 665 responded; Subscription Bussing Interest Survey: 10,760 persons were sent the survey link – 230 responded.
- Discussion on other transportation matters and interests:
 - Current Subscription Bussing users will be sent an information survey requesting that they inform the district of whether they prefer the \$200 credit or \$200 refund.
 - Parents currently not contracting for subscription bussing will be asked if they are interested – yes/no.
 - Supervisor of Transportation Positioning: The District has posted the position for 2020-2021, currently there are 5 applicants, the posting will remain open for 30 days.
 - Mr. Benedict to review Bus Driver/Aide Training issued at the start of the COVID-19 pandemic. The review is to determine what has been completed, what needs to be done and to establish standardized annual training of the drivers and aides regarding job related areas.
 - Bus GPS Systems and Tracking: GPS systems are installed in District busses that permit the bus to be tracked using the VersaTrans bussing software for routing and planning. In addition, student kiosks are installed on 10 of the District busses that will work in conjunction with student bus pass cards. The cards include printed information that will also allow students to scan on/off the bus and log in for school attendance, library, etc.

The meeting adjourned at 4:45 P.M.

4. Curriculum & Technology Committee

Mrs. Madhukar reported that the Curriculum and Technology Committee met at 11:30 A.M. on June 12, 2020 remotely through ZOOM.

In attendance were: Shivi Madhukar, Dr. Yunxia Chen, Falguni Patel, Elizabeth Conway, Gail Pawlikowski and Baninder Mahabir

Items Discussed:

- New Elementary ELA Program: The focus of the discussion was professional development. Currently, the PD is being done remotely and teachers are accessing materials online. It is expected that they will receive hard copy materials soon.
- New Position for Literacy Coach at Thomas Jefferson Middle School: The position will be funded through Title I Federal Grant. This will have zero impact on the school budget. The school district had applied for this grant and was successful in securing it. Since academic outcomes at Thomas Jefferson Middle School are not where they should be (particularly in reading and literacy), it was decided to use the funds for hiring a literacy coach. The purpose of the literacy coach is to support the teachers, who in turn can then support their students better.
- Summer Bridge Courses for Biology, Geometry, Algebra 1 and Algebra 2: These courses are a pilot and not a reaction to the pandemic. These had been planned earlier to prepare students for the next level. In future, it is expected that more courses will be added. Currently, these are the only transition courses that are available given the numbers of teachers and space issues.
- Curriculum Projects Over the Summer: There will be many curriculum projects over the summer because the district is behind on some parameters. This will ensure that all curriculum is updated and in accordance with the regulations. Curriculum projects will include professional development for teachers for remote teaching. Since there is a chance that the school district may have remote learning in September, this will add to the effectiveness of remote teaching.
- For-Credit Courses Outside High School: Adding more courses for which credit can be taken outside in institutions such as Middlesex County College. This would allow students to get an associates' degree or even graduate earlier from high school.
- Adjustment of Curriculum: The supervisors are working on adjusting the curriculum, so that when school reopens, the students are not just doing review but go back into MP 4 of the previous grade.
- Social-Emotional Learning: If we continue to have remote learning in September, it is going to be so much more difficult than March, because at that time the teachers and the students already had a relationship. Since all students will now be going into a new class, the relationship is not there. There are plans in place to address the social emotional piece which will help build this relationship.
- Summer Orientation: Getting students acclimatized to new school environments if in-person orientation cannot be done over the summer through virtual school tours.

The meeting adjourned at 12:30 P.M.
